

Is [X] a waste of time?

Post by “Joshua” of September 30, 2020 at 9:26 PM

I particularly enjoyed this passage from the above article;

Quote

When people judge video games to be a waste of time, what most people probably mean is that there are better, more useful ways to spend one's time. However, this is a value judgment. To me, knitting would be a waste of time. If I really want a quilt, I can always buy one on Amazon. But for all the people who love to knit, more power to you!
