I apologize, Don. I didn't mean to suggest that I was the only one with a desire to have Epicurean practices. I was thinking of things like practicing piety, worship, meditating on the gods, receiving "images" of them, and trying to emulate them.

Oh! No apologies necessary! I didn't want you to feel alone 😊 I continue to find your topics you mentioned there very interesting especially "meditating on the gods" and "trying to emulate them" and to tease out exactly what Epicurus, Philodemus, Lucretius, et al had to say in this area.
