

Happy Birthday Elayne!

Post by “Cassius” of February 6, 2020 at 11:11 AM

I just noted on another page that today is [Elayne](#) 's birthday. It's been little over a year since Elayne became an important part of our group. I want to both thank Elayne and encourage others to participate as well. It doesn't take years and years of intense study to appreciate Epicurus, just the time and effort to go back to the sources and think about things for yourself. Happy Birthday Elayne!

Happy Birthday, Elayne!

May the wind under your wings bare you where the sun sails and the moon walks.
