

Nate Is This One of Your Graphcs? (Epicurus and the Doubting Dog)

Post by "Cassius" of June 24, 2021 at 4:05 PM

Nate this looks like one of yours. but I can't remember it. I found it on the page of an Epicurean Group member on Facebook. if you tell me it's already posted here I will try to increase the dosage on my Alzheimer's medication and also find a way to improve our search / labeling.

It is **not**!

I'm pleased that another Epicurean out there is producing memes!
