

Small Posters - By Kalosyni

I posted the following image to the gallery, and now deciding to post further drafts and revisions here (before posting more to the gallery). The idea is that this 8-1/2" x 11" can be easily printed out on a black and white printer and pinned up on a wall or on the fridge.

With some suggestions for revisions (by Don) here is an updated version -- but more revision ideas are still percolating in my mind (with PDs etc to be added).

And I want to do an Epicurean Ethics poster as well!
