On Epicurean Text Study and Contemplation

Blog article by Kalosyni

(The following is based on material previously given out for an Epicurean Ethics study group.)

When studying Epicurean philosophy, it is important for dedicated students of Epicurus to approach the study of ethics in a manner that facilitates an accurate understanding of what the key texts truly say. At the same time, a core goal is to seek not only intellectual understanding but also a personal and practical application of the...
