

The Tetrpharmakon - Sound Epicurean Doctrine, or Oversimplification?

Post by "Cassius" of December 9, 2020 at 12:55 PM

I guess then as to "Don't Fear God" what we are saying is that this is an example of how superficial use of the Tetrpharmakon in unfamiliar hands is frequently going to lead to miscommunication. In my experience is general usage "Don't fear God" is going to be read as going along with the dominant monotheism paradigm, which we definitely don't want people to think we are doing.
