

Movement, Direction, and Speed of Atoms - Do Atoms Fall "Down?" Is the "Swerve" Required To Bring Them Together Into Bodies?

Post by "Don" of December 19, 2020 at 3:45 PM

[Quote from JJElbert](#)

I might be misremembering slightly! That does look like the right passage.

I thought you were kidding at first, [Joshua](#) ! LOL I didn't remember the ball of wool and lead!! That's amazing that he had that kind of insight about mass! Thanks for calling my attention to that!
