

# **"Nothing Comes from Nothing" and Parmenides**

**Post by "Matt" of January 21, 2021 at 10:24 AM**

Yes word play based on definitions, but sufficiently strong enough of a wordplay coupled with our own observations to make a very strong argument for it being true.

There would be no observable evidence of the opposite of his theory of "something" as opposed to "nothing" because we would not exist to theorize it or observe it.
