

Alt-tech outreach

Post by “Titus” of February 8, 2021 at 4:45 PM

Sounds a great idea to be among the first players in the market. Like investing in start-up companies 😊 . However, I think here's already a great platform for discussion and the board is also mentioned in the wikipedia article on Epicurus in 'external links'. So there's already a significant advantage. I would rather promote intensifying posting on EpicureanFriends 😊
