

# Threads of Epicureanism in Art and Literature

**Post by “Charles” of March 11, 2021 at 12:07 AM**

John of Salisbury; "Policraticus" c. 1159. The first work of political theory in the Middle Ages, a mirror book for Princes. He advocates for divine right and necessary tyrannicide from the will of the people

[In reference to the four rivers of Eden] 'four rivers which spring for Epicureans from the fount of lustfulness'.
