

Boscureale Cup Resources

Post by “adrien_gross” of April 26, 2021 at 9:22 AM

In this magazine (<https://archive.org/details/openco...up?view=theater>) I've found a picture of the cup that may raise more questions than it solves ! 😊 The faces of the skeletons, the tripod or the pig's back leg aren't the same as in most of the cups pictures ! It might have been restored or damaged but the tripod is really different in the magazine. If you can read Greek, this photo might help though.
