

Getting Started - Initial Thoughts on 3D Printing

Post by "Godfrey" of April 28, 2021 at 3:10 PM

<https://www.myminifactory.com/scantheworld/>

I just came across this site for various 3D models. There are a few of Epicurus, of varying quality. There may be others of interest on the site as well. I noticed that there are other "myminifactory" links above but I don't know if they're part of this site or not.... At any rate, here's yet another link!
