

# Where Is Epicurus In The "School of Athens"?

**Post by "Cassius" of May 20, 2021 at 2:48 PM**

Thank you for linking that for us Elli! I am afraid that I can't keep track of what I post myself, much less what everyone else posts! 😊 I guess that's what a forum with a "search" function is for!

So as for the posts in that thread too there is no indication that we have a ring labeled with Epicurus' name.
