

# Where Is Epicurus In The "School of Athens"?

**Post by "Cassius" of May 21, 2021 at 9:44 AM**

Collecting the church father references would be a great thing to do in itself. I don't know how much (if any) of the physics and epistemology they preserved, or whether they just stuck with discussing his alleged atheism and no life after death and preference for "pleasure." Even those three would give a pretty decent picture, but it would be interesting to know how much of the rest they also discussed.
