As is everything else on the "Epicurus College" website, this is little more than a dream at this point, but I think it's a good goal:

Where Is Epicurus In The "School of Athens"?

This Course will discuss the controversial topic of where, if at all, Epicurus is portrayed by Raphael in his "School of Athens" fresco. The course will cover the alleged identifies and representations of other famous Greek philosophers in the fresco, and discuss the possibilities for Epicurus' appearance.
