

Where Is Epicurus In The "School of Athens"?

Post by "Cassius" of May 23, 2021 at 2:58 PM

This thread is gathering such a life of its own that I am going to set up a separate forum for it. That will allow discussion to be separated out into distinct threads on Raphael, Vatican history relating to the mural, the particular portrayals of figures, etc. I moved it to "Places of Significance" but if anyone wants to suggest a better location let me know.
