

Did Epicurus Advise Marriage or Not? Diogenes Laertius Text Difficulty

Post by "Cassius" of July 2, 2021 at 9:38 AM

[Quote from Don](#)

I'm not convinced at all that romantic love was created in the Middle Ages.

I completely agree with that. Sure there are lots of differences in many ways between people today and people 2000 years ago due to politics, culture, religion, education, etc ----but I am convinced that the basic feelings and attributes that make us up today are very similar to those from many thousands of years ago.
