

Welcome Will1776!

Post by “Will1776” of July 22, 2021 at 12:31 PM

Thank you!

I value and enjoy the epicureanfriends.com. I am particularly reveling in the Lucretius podcast. I have previously read and listened to the poem but following along with y'all has taken my understanding and appreciation to a whole nother level. You, Elaine, Charles and Martin have been such a treat!

I'm on episode 41 and looking forward to each and ever episode to come.

Thank you all.
