

Sabine Hossenfelder - Why the Multiverse Is Religion

Post by “Mathitis Kipouros” of July 29, 2021 at 4:15 PM

Yes, she has a very interesting channel in YouTube, I encourage you to see it. I'm pretty sure she'd enjoy learning about EP.

Exactly that comment about Plato made me think it would be welcome around here. And it got me to see another video of her about the multiverse, which also should fit around here somewhere, because she makes the association of such speculations (the multiverse) with religion. Here it is:
