

## **VS41 - "Other faculties"**

**Post by "Cassius" of July 30, 2021 at 3:05 AM**

I wonder if this sentence was pulled from some context that makes the "other" understandable, or whether what we have is an insufficiently-perceptive translation and "other" is somehow a reference to the full spectrum of faculties constituting the canon of truth.

I also question if there is not a more modern and therefore more accurate term for "household duties"
