

Carl Sagan, the 4th dimension, episode 20 of Lucretius Today, physics

Post by "Cassius" of August 15, 2021 at 1:54 AM

It's 2am for me and the only thing I have time to say before I fall asleep is "You're going to have to work a lot harder before it's time to consider Banishment!" :-). Now my problem is how to remember to come back here since I've flipped the "unseen" notification. I will have much more to say. 😊
