

Propositional Logic, Truth Tables, and Epicurus' Objection to "Dialectic"

Post by "Cassius" of September 21, 2021 at 9:24 AM

A good time to restate the question:

What we are trying to do ultimately is get a firm fix on what it was that Epicurus was rejecting, while still embracing "reason" in PD16!

All this discussion of details is irrelevant and worthless unless we keep that goal in mind.
