Salvete Omnes!

I am a 38 year old history teacher that is trying very hard to live a life in accordance to nature. The Stoics and Platonists got to me, and then I discovered Epicurus. Epicurus makes sense. With Epicurus, I find myself at ease. I am learning, and I tend to listen to my teachers and soak in their wisdom. Deprogramming and reprogramming takes awhile so bear with me,

With gratitude,

Brad
