

# Website Theming Updates - November 2021

**Post by "Cassius" of November 21, 2021 at 3:49 PM**

Today I tweaked the font color on the new "Radiant" themes to:

(1) make the color of the top bar a little less "radiant" - toning it down from effectively neon to a little darker, and

(2) made the color of the text in the main body of the website a little brighter, and less subdued and therefore (hopefully) easier to read.

If anyone sees any problem with those changes or would prefer further tweaking please let me know!
