

# Elayne's personal outline

**Post by "JAWS" of December 5, 2018 at 8:34 PM**

This was great to read! Thanks for posting.

I'm curious if you had anything specific in mind for the following statement:

Quote

8. It is best to be cautious about assuming any widely present human characteristic is vestigial or a "spandrel", something left-over from or incidental to our evolutionary past with no current function.
