

Epicurean kèpos in Autun - France.

Post by "Cassius" of January 12, 2022 at 7:01 AM

For example I don't think I have ever found a good "overview" of how the philosophers were arranged on the panel - and this doesn't seem to tell us either. I bet there's a lot more that we who are particularly interested in Epicurus could gain from making a study of this work.
