

Personal Epicurean Knowledge Base Using Text (Markdown) Files

Post by “Cassius” of January 12, 2022 at 10:55 PM

Right. Lots of the discussions around "knowledge bases" can get pretty "touchie-feelie" and then you have these geometric idea maps that these programs can draw that I admit are neat and pretty but I really fail to see the benefit of.

However the concept of "outlining" does seem to be important to Epicurus, and these programs are structured to really help with that.
