

# An Epicurean Understanding of Valentine's Day: Love, Romance, and Free-will

Post by "Scott" of January 19, 2022 at 11:32 AM

[Quote from Cassius](#)

"Epicurean calculus"

OMG that's the first I've heard this term. Perfect! I'm using that instead of hedonic calculus from now on! "Hedonic calculus" is sooo loaded with baggage which is not in line with what we know of Epicurean thinking! It is a term that will just continually cause misunderstanding. Thanks for that one [Cassius](#)!
