

# **Episode One Hundred Six - The Epicurean Attitude Toward Fate / Fortune and the Role of Reason**

**Post by “Cassius” of January 24, 2022 at 2:44 PM**

Right. I agree with Martin's basic point that Epicurus was not against all forms of logic.

However, there is definitely something that has come to be known as distinctively "Stoic Logic" that appears based more on the manipulation of abstractions than Epicurus approved of, and so this is a very important subject to explore..
