

Les Epicuriens (2010)

I was able to get the French book *Les Epicuriens* through interlibrary loan. It looks to be a treasure trove including Arrighetti's work on the Herculaneum Papyri of Epicurus's On Nature volumes!!! I've also just discovered that I can use my phone to translate the French into English.... Page by page. It's a laborious process to translate on my phone then copy and paste each page on my phone to a Google doc on my phone. But it works!!

There's material here that isn't readily available anywhere in English.

I'll keep y'all updated on progress. I have the book until May 16.

Gotta admit, kind of excited here 😊
