

# Godfrey's Epicurean Outline

Godfrey before I forget to mention this in this thread, I personally get a lot of enjoyment out of coordinating this forum and working with others on studying Epicurus. Of course it's obvious that I hope that you and others will have fun on this forum in the same way, too, but I am also planning a new initiative for the new year that I will begin outlining shortly (in addition to the streaming/radio). In general I think that keeping in touch with others who are interested in the same subjects is critical to keeping an active mind and being happy, so I want to pursue those ideas as best possible. Our discussions on the forums are somewhat haphazard - maybe "asynchronous" is the word. We probably need to have a regular schedule of interactions for people who have the time to do that, so hopefully we can make progress in that area in 2019.
