I am in the editing phase and may make a couple of comments about this episode:

Probably around the 25 minute mark Joshua brings up the "Peace and Safety" phrase and we discuss for a few moments: "Is safety a pleasure or a tool for pleasure?"

Sometimes it seems like we are splitting hairs on words and sometimes these distinctions seem important. Probably the uncertainty as to which of the two it is (splitting hairs or important) is something that we could resolve if we thought it through (?)
