

What holds me back from embracing EP

Post by “SimonC” of March 11, 2022 at 5:03 AM

That is very well put. A similar idea as disproving the Eleatics by walking across a room.

As to the original question I think it boils down to the belief that the universe is fundamentally observable. I think this is essentially a dogma, but it is also unclear what someone who argues the opposite would be basing their assertions on if not the same senses.
