

Philodemus On Piety

Post by "Eikadistes" of March 20, 2022 at 11:04 AM

[Quote from Don](#)

- "natural conception of god" (της του δαιμονος επινοιας) Note we're using *daimonos* instead of *theos* here. Not sure why.

[Don](#), do we have any other instances of rhetorical symmetry between *daimonos* and *theos*?
