

A Recap of Principles of Epicurean Physics

Post by “Cassius” of March 31, 2022 at 12:41 PM

[Quote from SimonC](#)

(The list of troops from the sun and moon also implies that they are large, and not the size of a basketball)

I haven't read the True Story in a while so I don't remember that, but it sounds like a good observation to keep in mind!
