

# AFDIA - Chapter Thirteen - Text and Discussion

Post by “Don” of May 1, 2022 at 2:27 PM

[Quote from Kalosyni](#)

Back then it was said that Epicurus did not teach publicly.

I think that just means he taught in his private property and not in the agora or the stoa. Book 28 of In Nature is written like a lecture with Metrodorus playing a supporting role.
