Several of us who are a part of either this Epicurean Philosophy Facebook group or of the [EpicureanFriends.com](https://www.epicureanfriends.com) forum are working on a new friendship-building project: a weekly hour-long Zoom meeting of those who are interested in casual "live" conversation about Epicurean philosophy. We intend to promote this beyond Facebook, so we are setting up an Eventbrite page to coordinate the Zoom link across other social media sites. Our first session will be this coming Wednesday May 11 at 8:30 PM Eastern USA time, and you can find a link and further description at the Eventbrite page below. The page references "tickets" but of course admission is free. No doubt we'll go through a shakedown period as we get off the ground, but we hope to develop something that will be a positive addition to the existing Epicurean internet communities. Let us know in the thread below if you have any questions.
