

The attitude to have when working at your Job

Post by “reneliza” of May 10, 2022 at 12:56 PM

[Quote from Godfrey](#)

are you trying to paper over misery with a coating of pleasure?

Just out of curiosity - is this what Epicurus was doing in his final days when he was (apparently) cheerful and in high spirits even though he was in tremendous pain? Where is the line drawn for when it's ideal to find pleasure in less than ideal circumstances and when that's a delusion being used to mask the pain?
