

# Natural Goods in Epicureanism

**Post by “Kalosyni” of June 12, 2022 at 7:51 PM**

The way I understand it is a "good" or to be more specific a "natural good" is condition or a virtue which leads to pleasure and pleasant life.

So just like you can have goods that you buy from a store (which are physical and extrinsic) then you have intrinsic goods which are conditions or virtues.
