

Episode One Hundred Twenty-Nine - Letter to Pythocles 03 - The Implications Of the Epicurean Position On The Size of the Sun

Post by "Cassius" of July 4, 2022 at 8:51 AM

Don't one thing we talked about in warmup is the point that the diameter of the sun is apparently 109 times the diameter of the earth. At first glance I thought the proportion was larger than that but apparently not. It is what it is but did you think larger too?
