

# Philodemus' "On Property Management"

**Post by "Cassius" of July 21, 2022 at 11:56 AM**

There are two old threads on this work located here: [Philodemus On Property Management](#)

Rather than try to extend those into the future, however, it would probably be better to start new threads, probably here in this forum. But we'll keep the other one open for specific discussion of OPM in the context of Philodemus' other work.
