

PD19 And The Meaning Of No "Greater" Pleasure

Personally, I would interpret [PD19](#) in the sense that we should not worry about the idea of infinitive ages but focus on a good standing in our nowadays condition and be happy about it. The only characters enjoying constant and infinitive pleasure are the unshakenable "gods" but our consistency is bound on the atomic variability of the universe. Therefore we should enjoy and not disturb ourselves with unrealistic ideas of perfect and infinitive forms.
