

What's the Difference Between Chance and Fate to an Epicurean?

Post by "Cassius" of January 23, 2019 at 2:47 PM

"As individuals we have free will, as a group our behavior is predictable."

Sounds to me like that means you are a market timer in your stock investments -- and that you probably would play indexes rather than individual stocks!;-)

I've been out of the stock market for many years for all sorts of reasons, but yes that is the attitude I would take if I were in it.
