

Episode One Hundred Forty - The Letter to Menoecus 07 - Completion of the Letter

I am biased but I am convinced th podcasts are getting better and better, and the last series on Menoecus have been the best yet.

In fact all of them since we finished Lucretius are among the best we have done, and if we live long enough I am going to see that we go back through Lucretius a second time.

At this point I would encourage new listeners to start with the episodes for the letters from Epicurus if they have to pick a place to start.

I am going to work on packaging these for YouTube, and I am going to start that process in that order, with either the letter to Herodotus or Menoecus first.
