

# Personal Finance from an Epicurean Viewpoint

Post by “Godfrey” of January 31, 2019 at 1:33 AM

Wow, that video is hysterical and a little scary! 😄😬

Cassius, I appreciate and agree with your comments. The article is definitely not a "deep dive" into EP, but it's a nice starting point for some practical applications of the philosophy. It would be really interesting to see a discussion of Property Management regarding this subject.

Which reminds me of a two-part piece Hiram wrote which I need to read. Here's the link to part 1:
