

Personal Finance from an Epicurean Viewpoint

Post by “Matt” of February 2, 2019 at 10:16 AM

So yes and no. I like it, but I recognize it has some flaws and it has not aged well. Plus, Stephen King’s books rarely translate well to the screen. This one is more of a cult classic. There are some pretty lame special FX at the very end. But the first part of the movie is somewhat entertaining.

Since they are remaking “Pet Semetary” maybe they will do a remake of this one.
