

An Epicurean "Sanity Check"

Post by "Matt" of February 4, 2019 at 8:36 AM

What do you really think number 7 should add up to? It's true the first 6 do not add up to 7, but what would 7 actually be?

"So now that I am graduated from my Epicurean education, in the prime of my mental and physical strength of young adulthood....(blank)."
