

# Is the Natural and Necessary Question Objective or Subjective?

**Post by “Cassius” of November 21, 2022 at 11:11 AM**

I agree Charles.

Also, glancing back at my first post in the thread I want to add make clear that part of the reason for posting is to note that as people here get time to read Nichomachean ethics or works by Plato or others, it would be bring out and discuss any discussions that sounds like "natural and necessary" to which Epicurus could be responding / commenting.
