### When Only The Best Is Good Enough, You Must Look For A Goal That Has A Limit (A Peak, A Highest Point, Something Than Which Nothing Is Better)

<p>Therefore the power and the greatness of virtue cannot rise to greater heights, because increase is denied to that which is superlatively great. ... The ability to increase is proof that a thing is still imperfect.</p> <p>Seneca <i>To Lucilius</i></p>	<p>Q: Have pleasure and pain a limit, or are they among the things which admit of more or less?</p> <p>A. Yes, they are among those which admit of the more....</p> <p>Plato <i>Philebus</i></p>	<p>The magnitude of pleasure reaches its limit in the removal of all pain. When such pleasure is present, so long as it is uninterrupted, there is no pain either of body or of mind or of both together.</p> <p>Epicurus <i>Principal Doctrine 3</i></p>	<p>And he used to say that those philosophers were right when they said that ... nothing is better than a life of ease, full of, and loaded with, all sorts of pleasures.</p> <p>Cicero <i>Describing A Follower of Epicurus</i></p>
